# SPRING 2015 PROGRAMMING

JANUARY	FEBRUARY	MARCH	APRIL	MAY
		<p><b>Student Hackathon</b> 3/2</p> <p><i>TEDC aims to leverage the power of University students, faculty and community partners to solve big challenges with respect to sustainability and climate. The hackathon will bring together participants and experts in design, policy and social justice to create and present implementable solutions or "hacks." The sourced material will then be used to create curriculum for the next academic year.</i></p>	<p><b>TEDC Earth Day Conference</b> 4/21 – 4/22</p> <p><i>Student and Faculty winners of Project14K awards will exhibit their work. High-level speakers also expected for evening TEDC Talk.</i></p>
