Faculty Grant Winners Announced

The Tishman Environment and Design Center is happy to announce this year's **Faculty Support Grant Winners!** Four outstanding faculty members received a grant from the Tishman Center to support their research and scholarship around challenges generated by the impacts of climate change and other environmental threats to community well-being and social justice.

These grants support interdisciplinary and collaborative research, creation of practice and service opportunities for students, as well as community engagement. Please join us in congratulating our

newest round of recipients. Our recipients will share blog posts in the Spring on the progress of their projects. Stay tuned!
